Initiating coding interview preparation in process...

How do we get to do a coding interview?

CareerService is here to help us find that out!

3 Practical sessions

How can we prepare for a coding interview?

Content of the sessions:

- Introduction to coding interview questions held by me
- Trees & Graphs (DSF & BSF algorithms) held by researcher Davide Yi Xian Hu
- What is Dynamic Programming? held by researcher Nicolò Felicioni

Company session

How is the true experience behind coding interviews?

Andrea from **Oracle** will help us understand that!

There will be a small ice-breaker interview and then open questions from you!

Linda Moranzoni

Career Advisor
